Ring King

DESCRIPTION: RING KING is an easy to use, all purpose bathroom cleaner that quickly removes stains, soap scum, hard water deposits and rust from porcelain, ceramic, most bathroom metals and stainless steel. RING KING contains a unique blend of mineral acids, detergents, emulsifiers, corrosion inhibitors, perfume and a water activated color indicator. RING KING pours out in a clinging green liquid to insure complete coverage of all vertical surfaces, while the color changes to blue when rinsed with water to insure complete rinsing. RING KING fights odor causing bacteria and provides a clean surface for a sanitary environment.

ADVANTAGES: 1) A truly multi-purpose product for cleaning toilets, urinals, sinks, shower stalls and most bathroom metals. 2) May be used as is for toilets, urinals and sinks, or diluted 128 to 1 for shower stalls and most bathroom metals. 3) Pleasant to use, yielding no harsh acid fumes and won't harm septic tanks. 4) Clings to vertical surfaces and changes colors when rinsed to insure complete rinsing. 5) Deodorizes as it cleans, leaving a fresh pleasant scent.

AREAS OF USE: Bathrooms and showers, schools, hospitals, nursing homes, apartments, hotels, motels and all public restrooms.

SPECIFICATIONS:
