Air Care Cover & Base

Air Freshener

Product #BCC580-scent

AIR CARE COVER is a unique way to handle malodors. The natural fragranced COVER is impregnated with the fragrance, no liquids, aerosols or cartridges. The COVER is 100% recyclable. The AIR CARE BASE is a battery operated motor driven fan that moves fragrances further than a typical passive system, thus freshening larger areas. AIR CARE BASE is the only air freshener dispenser that uses the COVER of the dispenser as the air freshener itself. The cover is biodegradable.

Product Numbers:

BCC580-CM - Cucumber Melon BCC580-KG - Kiwi Grapefruit BCC580-MN - Mango
BCC580-OM - Ocean Mist BCC580-SA - Spiced Apple BCC580-TL - Tea Lilly
