Brake Clean

Non-Chlorinated Brake Cleaner

BRAKE CLEAN is a high quality, non-chlorinated solvent blend that can be applied to discs or drums, as well as CV joints to lift and wash soil, grease, oil, fluids and contaminants without disassembly of the brake system. BRAKE CLEAN is an effective formulation that will not contaminated recycling waste solvent cleaning systems. BRAKE CLEAN has a powerful blasting spray pattern that easily removes grease, oily dirt and contaminants from metal parts, including brake fluid from linings, pads and drum cylinders and springs without disassembling the unit. BRAKE CLEAN dries quickly, leaving no film or residue.

Areas of Use:

- Brakes
- Parts
- Linings

Effective Against:

- Grease
- Oily Dirt
- Contaminants from metal parts

Directions for Use:

1. Shake well before using.
2. Spray parts liberally.
3. Air dry or dry with soft wiper.
4. If necessary, repeat application.
5. Avoid direct spray on painted surfaces.

Specifications:

Classification	Solvent cleaner
Color	Clear
Odor	Characteristic solvent
Solubility in water	Not available
Flammability	Extremely Flammable spray
