Turn A Scrub

Product #QTS299

Turn a Scrub is an eco-friendly product specially formulated to safely remove tarnish and rust from oxidized metal surfaces. It restores most metal surfaces to its original beauty without the use of harmful acids or hazardous chemicals found in traditional cleaning products. It easily removes soil, stubborn stains, grease, soap scum and scuff marks. Turn a Scrub is a creamy product. It clings to and stays on all surfaces, reducing waste. It is highly recommended for stainless steel and chrome fixtures.

Areas of Use:

- Offices
- Apartments
- Schools
- Care Facilities
- Hospitals
- Manufacturing Plants
- Vehicle Maintenance

Effective Against:

- Rust
- Stains
- Tarnishing

Directions for Use:

Shake well before using. Always hold the dispenser upright. Aim spray opening away from people or pets towards surface to be cleaned and polished. Holding spray opening about 8 to 10" from surface, press spray button firmly and apply a thin creamy coating over the whole area to be treated. For heavily soiled areas, allow product to soak in for about a minute before wiping off surface.
